SUFFRAGETTES DYNAMITE LLOYD-GEORGE'S HOUSE

Cardiff, Wales, Feb. 19.—"We have blown up the chancellor of the exchequer's house," said Mrs. Emmaline Pankhurst, addressing an enthusiastic meeting of the suffragettes here Wednesday night. "The authorities need not look for the women who actually did it. I personally accept full responsibility for it."

Mrs. Pankhurst declared that if she were sent to penal servitude she would go on hunger strike.

"The government will then either have to set me free," she added, "or let me die. If I drop out, a hundred women are ready to take my place."

MADERO SENT INTO EXILE

WILL GO TO EUROPE—GUSTAVO MADERO, BROTHER OF PRESIDENT, SHOT.

City of Mexico, Feb. 19.—Gen. Victoriano Huerta was elected provisional president by congress at a special secret session tonight.

Already forced to face plots, the new administration caused the arrest tonight of Gen. Francisco Romero. Romero is accused of complicity with Francisco Cosío Rebelo in a new revolt. The plot involves a group of rurales.

City of Mexico, Feb. 19.—Francisco I. Madero, deposed from the presidency yesterday, will be exiled. Arrangements have been made for his departure from the capital for Vera Cruz tonight. From there he will sail for some European port.

Madero will be accompanied by his wife and perhaps by his father and other members of his family.

His loyal aid, Capt. Frederico Montes, also will go, but in the capacity of a guard. The party will proceed to Vera Cruz under escort.

The execution of Gustavo Madero, brother of the deposed president, was the most tragic occurrence of today. He was subjected to the "fugitive law" and was shot to death by his guards.

Members of the Cabinet and most of the other prisoners were released this morning. Francisco Madero, Jose Pino Suarez, the vice president, and Frederico Gonzales Garza, governor of the federal district, were the only important prisoners held. Ernesto Ma-

dero the former Finance Minister, paid a lengthy visit this afternoon to Francisco.

Gen. Huerta, who has assumed the post of Governor General, and Gen. Diaz had an extended conference, after which it was announced that they were in complete accord. Later Gen. Huerta was in conference with the American Ambassador, Henry Lane Wilson.

A group of Senators discussed the question of the presidency with Gen. Huerta who, it is understood, will receive the appointment of Provisional president at the hands of congress, a meeting of which body has been called.

The execution of Gustavo Madero, known as the power behind the throne in Mexico, formed today a tragic sequel to the upheaval in Mexico yesterday when Francisco Madero's administration was turned out by the federal generals.

The ex-President and his brother Gustavo were sent this morning as prisoners to the arsenal, from which Felix Diaz had bombarded the city for ten days. Soon after their arrival there Gustavo Madero was subjected to the notorious "fugitive law," by which he was free to run under the rifle fire of his guards.

New League in Southwest.

Tulsa, Okla., Feb. 20.—The promoters of the new Southwestern Baseball League assembled here today to complete their organization. The circuit, according to present plans, will comprise the cities of Shreveport, Ft. Smith and Little Rock, Ark.; Springfield and Joplin, Mo.; and Oklahoma City, Muskogee and Tulsa, Okla.

STUDENTS DEFEAT PROFESSORS

LIVELY GAME OF BASKETBALL RESULTS IN FAVOR OF BOYS. SCORE 37 TO 17.

About the most highly entertaining basketball game of the season was played at the Pomotoc building Wednesday evening between a team composed of members of the faculty of the normal and the regular boys' team. It resulted in a sweeping victory for the boys by a score of 37 to 17. However, it must not be inferred from the score that the teachers were not able to play a good game, even though one or two of them had never played before. They were especially good on defense, but the boys with their training of several weeks could best them shooting goals.

The game had scarcely opened until Prof. L. O. Wilson caged the sphere but his team made nothing more during that quarter and only one on a foul during the second. In the third, however, things began to take a different turn. The teachers threw goal after goal and for a time the boys were outclassed, but they finally rallied and the slaughter was resumed.

A good crowd witnessed the game and both teams had plenty of encouragement from the bleachers, the sentiment being well divided between the two.

APPROPRIATIONS FOR OKLAHOMA SCHOOLS

Oklahoma City, Ok., Feb. 20.—Two reports came from the House Committee on Appropriations recommending budgets for the educational institutions.

In the majority report made by Mr. Durant, chairman, the total to be appropriated is \$1,765,992 and contemplates the abolishment of no institution. The minority report was made by Mr. Morris and Mr. Cummings and carries a total of \$1,214,870. No appropriations are made in the minority report for the state normal at Weatherford, Durant and Tahlequah; the two preparatory schools or any of the district agricultural schools save that at Goodwell, the Taft school for colored youths and the state school of mines.

Action on the reports when presented to the house for a vote will draw the issue on whether there are to be abolished any of the state educational institutions.

The majority committee report carries the following appropriations: State University, \$150,000 first year, \$175,000 second year, repairs on Administration building \$8,000. Edmond Normal, \$61,000 for first year, \$55,000 for second year; Tahlequah Normal, \$38,970 for first year, \$28,970 second year; Ada Normal, \$27,675 first year, \$26,925 second year; Durant Normal, \$31,515 first year, \$26,515 second year; Alva Normal, \$33,100 for each year; Weatherford Normal, \$32,115 for each year, \$10,000 for repairs; Tonkawa Preparatory, \$25,000 each year; Claremore Branch Preparatory, \$16,325 each year; Oklahoma College for Women, Chickasha, \$30,000 for each year; Oklahoma School of Mines Wilburton, \$47,690 first year, \$37,690 for second year; A. & M. College, Stillwater, \$125,000 for each year. Each of the six district agricultural schools receive \$15,000 for each year. A. & M. college and Normal University for Colored, Langston, \$36,000 for each year; school for the Deaf, Sulphur, \$53,985 for first year, \$49,385 for second year; School for the Blind, Fort Gibson, \$27,000 for each year; Training School, Pauls Valley, \$39,000 first year, \$28,700 second year; Deaf, Blind and Orphan Institute for Colored, Taft, \$21,416 each year.

Chicago, Ill., Feb. 20.—Piloted by Jimmy Callahan a score of the players upon whom Owned Comiskey depends to win the American league pennant for the White Sox this season leave Chicago tonight by special train for California, where the spring training of the Sox will take place. At various points en route other of the players will be picked up so that the entire line-up, including both the veterans and the "rookies" will be in the party when the destination is reached. The objective point is Paso Robles where ten days will be spent in limbering up. Then the squad will be divided. The first team will play a two weeks' engagement in San Francisco, with short jumps to surrounding towns between games. The second team will play in Los Angeles in the

meantime and at the end of the two weeks' period the two teams will change places. On March 31 the teams will start East by different routes and will engage in games in numerous cities in the Southwest and West before reaching home for the opening of the championship season.

Rheumatic Blood is Whole Story

Wonderful Specific for Sciatica, Lumbago, and a Cure for Dreaded Articular Rheumatism.

There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative antidote. True, the pains may be caused with narcotics or the acids may be neutralized for the time being with other acids. But these merely temporize and do not even lead to a cure. There is but one standard rheumatism remedy, and it reflects the best thought of the day. It is prepared in the great Swift Laboratory in Atlanta, Ga., and sold in all drug stores under the name of S. S. S. at \$1.00 a bottle.

Starvation has been advocated by many as a cure for rheumatism, and yet S. S. S. accomplishes in fact what faddists proclaim in theory and without the punishment of starvation. Hot springs and sweating are often recommended, but S. S. S. does all that is expected of these expensive and weakening methods.

It is conceded by the closest students of the subject that rheumatism is caused in most cases by an acid condition of the blood and aggravated by the remedies commonly used for relief. In other cases rheumatism is the result of nerve depression; in still others it is the effect of some scrofulous blood condition, having been treated with mercury, iodides, arsenic and other poisonous mineral drugs.

The recoveries of all these types of rheumatism by the use of S. S. S. is a wonderful tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well ordered as the most acceptable, most palatable and most readily digested food. Do not fail to get a bottle of S. S. S. to-day. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a great specialist confidentially, write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga.

It is. Personal effort is needed as much as money and no amount of money will make up for the lack of it. If the proposed organization is to be worth while, the men who are going into it must make up their minds to be workers and stand ready to put their personal efforts into it all the time.—Chickasha Express.

one of the local wholesale grocery houses, remarked, "The trouble is that we pay our money for the support of such an organization, hire a man and then expect him to run it without any assistance from us. He can't do it and then we get cold feet and say the thing is no good. No business can succeed if it is run in such a manner. If we hired a man to sell goods for us and then paid no more attention to him, we wouldn't expect any great results. The members of an organization must all be workers if it amounts to anything."

Now that's the whole story when you come to figure it out. A lot of us contribute to such an organization and then we sit down and wait for results to come. If they don't come, we howl about what "they" are doing or not doing, and the man who lends the least personal assistance makes the biggest roar.

We are trying to launch a new organization in Chickasha and the citizens are contributing generously, but let us remember that no amount of money will make it go unless it is backed by strong personal effort. A meeting will be held Thursday evening when the definite plan of organization will be agreed upon and policies will be decided. Every man who contributes a dollar ought to be there to give the gang the benefit of his advice and if he isn't there, he shouldn't complain if things are not done according to his notion.

After all, it will be the men behind the movement who will make it what

Bible Was Put Into Rhyme. Versifications, not only of the Psalms but of the other books of the Bible, were numerous in the sixteenth century. One of the most prolific versifiers was William Hunnis, who, under such fanciful titles as "Seven Sobs of a Sorrowful Soul for Sin," "A Handful of Honey," etc., published a number of rhyming versions of Genesis and Job, which are now worth their weight in gold to the bibliomaniac.

Angels on a Needle's Point. This was a favorite topic of debate among the scholastics and doctors of the Christian church from the earliest time. NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe free; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

And such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils;

penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold with it's running nose, foul mucous dropping into the throat and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. Gwin & Mays Drug Co., Ada, Okla.—adv.

The "Divine Patti" is 70.

London, Feb. 19.—Adelina Patti, whose fame as a singer has probably never been equalled in the history of the world, was showered with congratulations today on the occasion of her seventieth birthday anniversary. The once incomparable song-bird, who is known in private life as Baroness Cederstrom, looks as youthful as many women of fifty years. Since she disposed of her castle in Wales the famous diva and her husband have spent much of their time in travel on the continent, though they continue their residence in London and never fail to pass a part of the season here.

Mme. Patti was born of Italian parents at Madrid on Feb. 19, 1843. Her father, Salvatore Patti, a native of Sicily, was of noble extraction, and a musician of considerable eminence. Her mother was the daughter of a celebrated Roman teacher of singing and early in life took a high position

on the operatic stage under the professional name Barili.

Patti's debut in grand opera was made in New York City in 1859, but her first appearance as a singer was made nine years before. Her active career covered a period of fifty years, as it was but a few years ago that she was heard in a farewell concert in London. She is therefore the equal of Rubinstein in length of public career. When Rubinstein died in 1894 men who were fifty at that time were under the impression that the great Rubinstein had long since passed away. While actively at their work Patti and Rubinstein saw two generations of art and artist rise and decline.

For over twenty years Mme. Patti sang at Covent Garden, and filled it to overflowing whenever she appeared. Her annual earnings between 1861 and 1883 averaged from \$150,000 to \$175,000 and rose still higher during each of the years in which she made professional tours in North and South America. It is estimated that she earned with her great voice a total of not less than \$4,000,000 of which enormous sum she saved a goodly proportion which she is now enjoying in her old age.

R. E. Haynes is soon to become a citizen of Donaghey addition. His house is already on the way and when placed on his lots on Eighth street he will have two additional rooms built. Sometime in the future he will have another house built on the site of the old one on Broadway.

FIRST APPLICATION DARKENS THE HAIR

A Simple Remedy Gives Color, Strength and Beauty to the Hair.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean, wholesome dressing which may be used at any time with perfect safety.

Get a fifty-cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All agents sell it under guarantee that the money will be refunded if you are not satisfied after a fair trial. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

J. C. JONES PASSES AWAY

About 7:30 Wednesday evening J. C. Jones died at the Arcade hotel, where he was stopping for the time being. The remains were taken to Dodd City, Texas, this morning where they will be interred.

The death was due principally to heart failure. Mr. Jones arrived in Ada Saturday afternoon and was suffering from a bad attack of grip, which almost amounted to pneumonia. When the fever left him he was in a condition too weak to withstand the ravages of the disease.

Mr. Jones was well known in Ada, where he conducted the Harris hotel for sometime. Later he conducted the Donaghey hotel at Allen and the Scott hotel at Holdenville. Mr. Jones was a man who possessed many excellent qualities, and his free heartedness and sympathetic nature made him many friends, who are grieved at his untimely and unexpected death.

State Fire Marshal's Report.

In his report to the state commissioner of insurance the state fire marshal emphasizes the need of more vigilance on the part of citizens of every community in preventing fires. He suggests that a fire prevention bureau, composed of the fire department, prosecuting officers and insurance men of every city be organized and co-operate in the betterment of fire conditions.

The report shows that during the preceding year there were 1,185 fires in the state. Of this number the origin of 331 was unknown; 123 supposed incendiary, 125 from oil, gasoline or gas explosions, and 167 due to carelessness. The total loss represented by these fires was \$2,193,084.80.

WASHINGTON NEWS NOTES

The rumor is current among democratic leaders in the house today that the extra session of congress would be called to convene in the first week of April.

Eight hours prescribed as the maximum time for a days work for women in the District of Columbia in a bill a senate committee agreed to favorably report.

Coinage of the new nickel was ordered by Secretary MacVeagh, despite objections of certain slot machine interests. It will be placed in circulation in the course of a week.

President Taft issued a proclamation calling the new senate in extra session on March 4 at noon. This is for the inauguration of new senators and confirmation of the new president's appointments.

President Taft referred the Webb bill regulating the shipments of liquor into dry states to Attorney General Wickersham and Secretary MacVeagh. This was taken to indicate that the president wanted an opinion on its constitutionality.

House leaders began putting into effect their plans for handling the large amount of business remaining. Representative Fitzgerald obtained adoption of an order that the house meet every day at 10:30 a. m. and gave notice he would ask for late sessions.

Two resolutions, one calling on the postmaster general to furnish the senate the cost of distribution of seeds through the mail under frank and the other calling on the secretary of agriculture to inform the senate the cost of the seeds, were passed by the senate.

An 8-hour work day for women working throughout the country employed in interstate commerce would be provided for in a bill introduced by Senator Kenyon. The measure also would forbid railroads engaged in commerce from accepting goods from any concern violating its provisions.

Pretty Compliment.

The Disraelis were visiting Strathfelds in the time of the old duke of Wellington. Going up to the bedroom, Disraeli found his wife and her maid moving the bed from one side of the room to the other. When he inquired the reason, his wife said: "Well, my dear, the duke sleeps on the other side of the wall, and if I lie against it I can boast that I have slept between the two greatest men in England."—San Francisco Argonaut.

BRINGING HOME AND SCHOOL TOGETHER

A great evil of our present social condition is that it tends to destroy the home which is the very foundation of our civilization. In order to restore this fundamental institution to its former function in our social life, the public schools should present some plan which will tend to establish habits into the rising generation of systematic performance of home duties so that they will gladly and efficiently assist their parents to make home all that the word means.

The schools can greatly increase the interest the child takes in the home work by giving some consideration to it. This has been proven in the state of Oregon where the State Superintendent of Public Instruction has worked out a plan for giving school credit for home industrial work. After giving this plan a careful study we have decided that the Oregon plan with a few minor changes is worthy of introduction into the Ada schools.

The plan as we have arranged it will take very little of the teachers' time and will cost practically nothing. We propose to give a few cash prizes to pupils doing the largest number of minutes home work such as: Feeding the cow, churning, carrying in wood for the night, taking a bath, cleaning the teeth, dusting the rooms, preparing a meal, sleeping with room properly ventilated, and in fact any kind of work which will assist to make home the center of activity of the children and keep them off the streets. A schedule of the number of minutes allowed for doing the different things about the home has been prepared and printed copies of this will be put into the hands of the pupils and parents.

The conditions and rules of this contest are given below:

1. No pupil is obliged to enter the contest.
 2. Any pupil is free to quit at any time, but if anyone quits without good cause he or she will forfeit all credits earned.
 3. A list showing the record of the work of each child in the contest must be sent to the teacher each day with the signature of the parent affixed thereto.
 4. Pupils entering the contest will be asked to procure a small note book in which the teacher will credit him or her with the number of minutes due daily.
 5. At the close of the contest the pupils will present these note books that the number of minutes to their credit may be ascertained and the two pupils at each of the schools who have earned the largest amount of time will receive rewards.
 6. Once each month the names of the two pupils at each building who are in the lead will be published in the Ada News.
 7. A grade of from one to five per cent will be added to the average grade of pupils who enter and continue in this contest.
 8. When the department of the pupil is above 90 and he has to his credit as much as 600 minutes he or she may be granted a holiday, by surrender of the credits provided that no pupil shall be granted more than one holiday during any one month.
 9. Forfeitures: Dropping out of the contest without cause, all credits due; unexcused absence, all credits due; unexcused tardiness, 25 per cent off all credits due; less than 90 per cent department 10 per cent off all credits due.
 10. Rewards: Three having the highest credits \$3 each and three having the second highest credits \$2.
 11. By putting this plan into operation we hope to be real service to the homes of our city and create a greater appreciation for industrial work in the school.

Supt. City Schools.

ON TRIAL FOR BANK ROBBERY

This afternoon the trial of Andro DeGini and T. L. Foster, charged with attempting to rob the bank of Francis, was taken up and bids fair to be full of sensations from beginning to end. The woman in the case, Jennie Musgrave, was granted a severance and will remain in jail until her case is reached. The defendants formerly lived around Henryetta, and most of the witnesses are from there. It is alleged that the defendants talked too freely to their lady friends when under the influence of liquor and when they became suspicious and made threats, the women and some men who had also heard some remarks, talked freely with the officers, the arrests following soon after.

The county attorney is being assisted in the prosecution by Judge Childress, county attorney of Okmulgee county. The defense is being conducted by Z. B. Sanders and West & Welborn.

The jury in the case of Joe Winn, charged with perjury, had not agreed at 3 o'clock. Shortly after noon the jurymen asked to have the testimony read again and then retired for further consideration of the case.

The grand jury reconvened this morning and it is understood that the killing at Knox is being investigated and the cause of the disappearance of Tom Hurst inquired into.

BURGLARS VISIT FITZHUGH STORE

The general store of I. L. Smith at Fitzhugh was entered by burglars Tuesday night and a considerable amount of clothing and shoes taken. Mr. Smith estimates his loss at from \$75 to \$100.

The burglars made their entrance by removing a window pane, reaching through and taking down the prop which held the window down and then raising the sash. Buggy tracks supposed to have been made, by the vehicle used by the robbers were followed some distance southeast, but no tangible clue to the identity of the robbers has been discovered.

NORMAL NEWS.

(By Mollie Cassidy.)

Miss Bertha Harris is spending the week end at her home at Konawa.

Mr. MacMillan will soon begin mounting a large wolf skin which was secured by the Normal sometime ago. Capt. Roddie who is ill with pneumonia is reported better today. His classes are being conducted by Mr. MacMillan and Mr. E. C. Wilson during his absence.

'Tis true, but 'tis a pity, Pauline, the faculty couldn't play basket ball worth shucks. Think of the shame of it, 37 to 17. Our pillow was wet with briny tears all of last night. That was a great faculty squad for beauty. E. C. Wilson, W. H. Cox, W. D. Little, J. Frank Lilly and L. O. Wilson. Beauty and basket ball seem to be quite different matters, however. Enough said.

As the end of the term draws near the students are sitting up nights wondering whether it will be an A or a B or a Boot. Our only plea is, "have mercy dear Faculty."

Sixty-two courses are offered for the spring term and this number will probably be increased by ten additional courses.

Prof. R. G. Sears conducted chapel this morning.

A WORD ABOUT THE BOY SCOUTS

The promoter of the "boy scouts" movement has been recognized as a community enterprise. It is the community opportunity to reach the boy for good citizenship under proper direction. It can be adopted with equal good results to all classes of boys. To give the work such direction, a governing committee known as the local council has been named as follows: Pres. C. W. Briles, R. E. Haynes, S. M. Shaw, Orville Snead, W. W. Sledge, Frank Jackson, C. H. Rives, L. T. Walters, W. H. Cox, F. A. Word and W. A. Riley.

The local council through scouting makes an asset of the boy. It makes him co-operative in promoting the community's interest and places a value on the minority years of his citizen ship life. It gives him something to do and teaches him to do things for himself and others; it makes him self reliant, courageous and manly. The local council is proof of the community's interest in the healthful normal and moral development of its boys. The local council passes upon the examination of scouts for merit badges, it also investigates all cases of life saving and presents affidavits to the national court of honor for the award of all honor medals.

We have now come to the most critical point in the organization of the scout work in any community, the selection of a scout commissioner. Much of the value and success of the work depends upon the decision reached in this matter. Every community will need some one to give the movement direction and act as the local authority on scoutcraft. In almost every community there is to be found some man who has had considerable experience in out of door life whose natural qualifications for leadership would commend him for the position of scout commissioner. Hon. Leslie Maxey has been chosen for this position, he is a man of high ideals who is well versed in boys' work.

The scout master is the adult leader of a troop and must be at least 21 years of age. He is usually chosen to take up this work. He should have ability to lead and command the boys' respect and obedience, he is also responsible for its meetings and outings and general programs. He is also responsible to the council in carrying out the scout program as outlined in the official hand book for boys and for the use of badges, uniforms and other scout equipment.

The scouts uniforms have been ordered from New York, the national headquarters. We hope to have them for Geo. Washington's birthday, Feb. 22, 1913.

I hope the good women of Ada will extend their appreciation to the Boy Scouts and give them the hand of welcome.

T. O. CULLINS,
Scout Master.

WILD CAT DISTILLERY DISCOVERED NEAR TULSA

Tulsa, Ok., Feb. 20.—In a dugout in the side of a hill in a sparsely settled neighborhood, fifteen miles northeast of this city, officers found a complete moonshine still, and about 150 gallons of corn whisky.

George Marshall, alleged owner of the still, is a prisoner in the Tulsa county jail, and will be turned over to the government for trial. The residents of the locality in which Marshall operated are for the most part farmer mountaineers of Kentucky, Tennessee and North Carolina.
